# RISE Programs

## Welcome to RISE Children's Choir

Welcome to RISE Children's Choir—a place where young singers discover their voice, develop their artistry, and experience the joy of belonging.

At RISE, we believe that every child deserves a place where they can be fully themselves. A place where creativity is celebrated, friendships are formed, confidence grows, and young people are encouraged to share their unique gifts with the world.

Our 2026/2027 season promises to be an extraordinary one. Singers will enjoy exciting performance opportunities, community events, retreats, recording experiences, special choir celebrations, and, for our Principal Chorus, an unforgettable tour experience. Along the way, they will build strong vocal technique, musicianship skills, and artistic excellence while exploring inspiring and meaningful repertoire. Yet what makes RISE truly special extends far beyond the music.

It is the moment a singer walks into rehearsal and feels they belong. It is the friendships that form between rehearsals and performances. It is the confidence gained from achieving something they once thought impossible. It is the memories, experiences, and life skills that remain long after the final concert has ended.

Whether your child is taking their first steps as a singer or is already an experienced performer, there is a place for them here. We would be honoured to welcome your family into our RISE community and journey together through another remarkable season of music, growth, and connection.

I look forward to singing with you.

Keep singing,  
Andrea Donais

Artistic Director & Founder  
RISE Children's Choir
